Spot Welding Guns With Built In Transformer

The X-GUN and C-GUN series pneumatic operated suspended guns, versatile, robust and easy-to-use, ensure best welding results on any weldable metal and are the most ideal solution for any spotwelding job.

- Gyroscope suspension on sealed bearings for easy gun rotation and manoeuvrability in any position.
- Adjustable working stroke.
- Temporary extra stroke to easily reach workpiece areas also getting over obstacles.
- High versatility in all applications thanks to all possible machine configurations.
- Self-lubricated pneumatic components to eliminate oil deposits and to safeguard the environment from contaminants.
- Welding control in a separate cabinet with circuit breaker with residual current device and cycle stop emergency button.
- Synchronous ignition SCR group with phase shift to eliminate any current transient.
- Reduced consumption.
- Water cooled transformer.
- Water cooled arms, electrode holders and electrodes.
